

TREATMENTS

We feel that wellbeing is an important part of life. It is how you feel and who you are. It is more than a trend or an add-on. And it does not need to be complicated. To become aware of your own state of being is the first step. Wellbeing feels good, and at The Newt we believe that it can be enhanced any time, it can be promoted anywhere.

We would like to intrigue you to become aware and to experience for yourself.

Our spa offers a beautiful medieval herbal garden that inspires for a stroll all year round. Connecting you to English history when natural remedies were an integral part of life. Touch, feel and smell our herbs and flowers.

Our Head of Wellbeing Franziska recommends:
